communities**

THE ULTIMATE MULTI- SPORTS COMPLEX

BROUGHT TO YOU BY
RAGE CAGE

I LOVE WHAT THE COMPLEX
HAS BROUGHT TO THE SCHOOL
AND WOULD HEARTILY
RECOMMEND IT TO ANY SCHOOL
AS A VERY USEFUL AND
WORTHWHILE TOOL.

- CRAFTERS PRIMARY SCHOOL,
SOUTH AUSTRALIA

*KIDS BENEFIT FROM PARTICIPATING IN AS MANY DIFFERENT SPORTS AND PHYSICAL ACTIVITIES AS POSSIBLE WHILE THEY ARE LEARNING MOVEMENT AND SPORT SKILLS.
- ACTIVE FOR LIFE*

The Ultimate Multi-Sports Complex is an innovative Australian sporting cage design; which has been installing world class sporting complexes across Australia for the past 20 years. The original design was created by founder and Lead Project Manager Leon Purdy; when he wanted to give his kids more sporting options at home. He created the first edition called “the Rage Cage” in his own backyard in rural South Australia.

Over the past 10years, the design has continued to evolve into the Ultimate Multi-Sports Complex that is delivered today.

The Ultimate Multi-Sports Complex is an innovative, creative design solution to maximise space and safety, whilst offering students the opportunity to learn and play a wide variety of sports and activities. The complex is designed to be enclosed using a cage system by where students can easily be monitored whilst they play and explore!

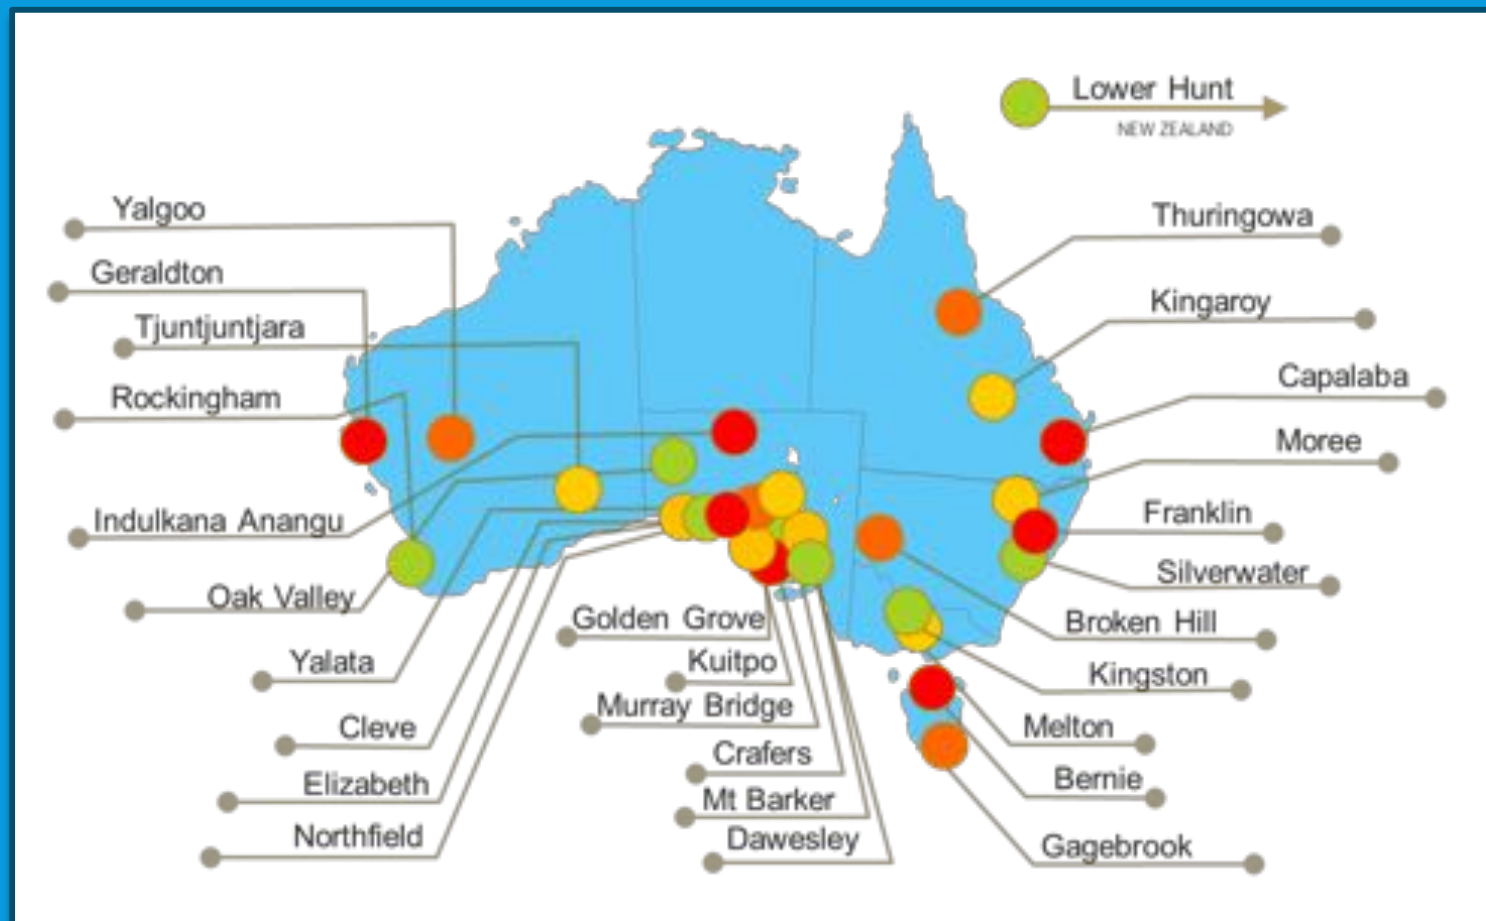

Each complex is purpose designed and built to meet the needs of your school, space allocation and sporting preferences. One of the wonders of the complex is it’s designed to service students from kindergarten, right through to years 11 and 12. This is done by creating a range of sports and activities which have varying levels of difficulty – without having to adjust heights or – so it’s always ready to use!

Complex’s can come in any size, colour, sports and even your school logo can be included. Every complex is tailored to meet your needs.

**MORE THAN 30
COMMUNITIES
AND SCHOOLS
ENJOY THEIR
LOCAL
COMPLEX
ACROSS
AUSTRALIA &
NEW ZEALAND**

Since the concept of the “Rage Cage” began, the company has grown and taken off across Australia. The original version of the “Rage Cage” can be seen everywhere from local parks in the centre of the ACT, to indigenous rural communities in the middle of WA.

**AUSTRALIA & NEW ZEALAND LOVE THE
ULTIMATE MULTI-SPORTS
COMPLEX BY RAGE CAGE!**

BECAUSE OF THE SOLID CONSTRUCTION IT IS VIRTUALLY IMPOSSIBLE TO BREAK ANY OF THE EQUIPMENT.

- PE TEACHER - ADELAIDE HILLS

When designing the first Rage Cage, founder Leon Purdy knew that all systems must last the test of time! Manufactured in Adelaide, South Australia, the quality of the product is second to none. The system is constructed from galvanised and powder coated Australian steel materials; which are cut to size before being shipped to your site for installation. All elements of the complex meet the Australian Standards on ISO:9001 and have achieved accredited safety standard approved by independent assessors.

Each installation takes between 7-14 days (pending weather), meaning the entire system can be erected during a school holiday break to minimise disruption to teachers and students.

The system is also praised by PE Teachers across Australia. The Ultimate Multi-Sports Complex is designed with a closed in cage area providing an easy to monitor and controlled sporting environment. Further, the wide range of activities provided gives students a continuous variety of physical activities, ensuring they are more entertained than usual. The complex also has wheelchair access and is wheelchair sports compatible.

The cage can also be locked on weekends and nights if the school prefers, creating a safe zone for the equipment inside. However, all equipment can be designed as permanent structures to alleviate the need to put 'up and down' and reduce the amount of stolen equipment.

SPORTS! SPORTS! SPORTS!

MORE THAN 20+ SPORTS FOR YOUR SCHOOL TO CHOOSE FROM!

Soccer

Cricket

Tennis

BMX

Bouldering

Mini Golf

Hockey

Hopscotch

Skate-boarding

Netball

Soft Crosse

Badminton

Educational Games

Each school is unique as a classroom of students. That's why great care is taken to understand your schools needs when designing and creating your very own Multi-Sports Complex. The above list represents our most popular sports, but there are plenty more!

RAGE CAGE HAS PROVEN TO BE A HIGHLY ETHICAL COMPANY... EACH PROJECT WAS COMPLETED ON TIME AND WITHIN THE SPECIFIED BUDGET... THEY ARE A PLEASURE TO WORK WITH.

- WILTJA RESIDENTIAL PROGRAM

IF YOUR SCHOOL IS INTERESTED TO FIND OUT MORE, THE PROCESS IS AS SIMPLE AS A FEW EASY STEPS!

1. Contact us: It's as easy as picking up the phone or sending us an email to find out if our system is right for your school.

2: Site Assessment & Inspection: One of our Expert Project Managers will visit your school to assess the site location and discuss your vision for your new Ultimate Multi-Sports Centre. This is a no-obligation free quote – so what are you waiting for – get in contact with us now!

3: Quote and Plan presented: Next, a quote and draft plan are presented for your approval and feedback. This process will see our Project Manager to work with you to ensure all your requirements are met to budget.

4: Build and installation: The Complex takes as little as 7 days to install! Our team of highly skilled engineers and trades work extremely fast to ensure minimal disruption to your classes and school. The team is also flexible and we recommend installation during school holidays.

5. Launch!: Once your Complex is ready, let's launch it! The launch of your Multi-Sports Complex is a wonderful engagement tool for parents, students and extended family to come to your school to play in the new space! If your school is lucky, Captain Rage Cage may even pop by for a visit on the day! The Multi-Sports Complex is also a great way to gain PR for your school. Local media love the Australian built unique system and the Complex has appeared in a wide range of Media articles across Australia.
