Promote your fantastic new Rage Cage facility with our customised signage. Each sign is designed to suit your individual community and your Rage Cage sporting complex... just let us know what you want to say.

Our signs are manufactured to the same indestructible quality of all our sporting products, they are made from solid steel, galvanised and powdercoated in bright colours.

Launch your Rage Cage with a guest appearance by the amazing Captain Rage Cage. This masked sporting super hero is an absolute favourite with the kids. Captain Rage Cage will present your community with a range of sporting equipment, supplied free with every Rage Cage, so you can get active straight away.
